WORKS ON PAPER BY SEVEN ITALIAN WOMEN ARTISTS

GANGEMI EDITORE

**Carte7** is an exhibition promoted by the Embassy of Italy in India and the Italian Cultural Institute in New Delhi and presents seven Italian artists who live and work in Rome. They are women painters with important international exposure. Some have shown together in the past: all have in common the use of paper as artistic medium and it is exactly this element that inspired Mary Angela Schroth to select their works – all done specifically for this project in India.
